

E. Kt. Vernon King P.Gt.W. of R. Provincial Vice-Chancellor – London Support

Vernon at a working lunch with the CEO in Jerusalem

Vernon has a long, family association with the Most Venerable Order of St. John and the Eye Hospital and has received the Service Award for his many years spent in uniform with St. John Ambulance.

As a trained theatre nurse, he has attended surgical procedures in Jerusalem and has seen, and discussed, exactly how patients are cared for during this part of their stay, as well as in the wards both before and after surgery. This relationship with the staff has helped to produce many of the interviews available in London Support. He has a background in training and presentation, and has previously given talks on the Knights Templar and the Eye Hospital Group, both inside and outside of the Order.

Vernon is a Founder of London Support and the Provincial Vice-Chancellor for London.

Through Knights Templar, Vernon has visited the Eye Hospital on many occasions, on pilgrimage and, along with the Provincial Prelate, in helping to escort Provincial Priors on introductory visits. He is passionate about having correct, current and consistent information available to help increase the awareness of the SJEHG amongst Knights. By working closely with the Communications team in Jerusalem, he has been able to create the brochures and collateral for London Support with their full co-operation and support.
